

Instantly Upgrade the Look of Your Room: Innovative Allure® Wall Plates

Are your scratched, outdated, or mismatched switches and outlets bringing down the look of your room? If you could upgrade the look of your room in minutes, without having to hire an electrician, would you do it?

- Stylish, High-End, Screwless Look
- No Re-wire, No Electrician
- No Expensive Receptacles to Purchase

New and exclusively at The Home Depot® and HD Supply®, find the innovative wall plate that upgrades the look of your room inexpensively and in a matter of minutes. The Allure® Wall Plates Series has a high-end screwless design that covers existing outlets and switches rather than rewiring new ones. Great for getting extra value for your home in resale, house flippers wanting to get top dollar quickly without any hassles, and condo renovators looking for great style and durability. The wall plates are easy enough for any handy person to install – no electrician required.

Case Study:

Apartment receptacle overhaul was ~~\$346~~, NOW only \$86!

Savings of 75%
